

DIGITAL-IN PROJECT: "DigComp 3, AI Literacy & Metacognitive Skills for Vulnerable Learners"

DATE: 30 January 2026 **TIME:** 11:00 – 13:00 (Athens Time / EEST)

Register to receive link:

PLATFORM: [Zoom/Teams link]

TARGET AUDIENCE: Project partners, digital skills trainers, educators, inclusion professionals

DETAILED AGENDA

11:00 – 11:10 | WELCOME & FRAMING (10 minutes)

- Opening remarks & event objectives
-

11:10 – 11:40 | DIGCOMP 3: RELEVANCE FOR VULNERABLE LEARNERS (30 minutes)

Speaker: Cristina Mosora, NKUA

- Overview of DigComp 3 framework updates
- AI literacy as critical competence?
- Implications for vulnerable learners (seniors, youth from disadvantaged backgrounds)

11:50 – 12:20 | LIVE INTERACTIVE SESSION: TRAINER & PROFESSIONAL FEEDBACK (30 minutes)

Facilitators: DIGITAL-IN Project Team

Key Questions to Explore:

1. **Current Challenges:** What barriers do trainers face in teaching AI literacy to vulnerable learners?
 2. **Metacognitive Impact:** Real-world observations on how AI tools affect critical thinking
 3. **Effective Pedagogies:** Which approaches best develop metacognitive resilience?
-

12:20 – 12:50 | CURRICULUM SHOWCASE: BUILDING DIGITAL MINDSETS (30 minutes)

Speaker: Alexandra Karachaliou, NKUA

Presentation Title: "Digital Empowerment: Designing Learning Experiences for Digitally Vulnerable Groups"

Key Content:

- Design philosophy & principles behind the Digital Mindset Module
 - Core elements: technological literacy, adaptability, data-driven thinking, digital presence, innovation
 - How digital mindset foundation supports AI literacy development
 - Practical exercises & assessment approaches
-

12:50 – 13:00 | CLOSING & NEXT STEPS (10 minutes)
